

Whole School Involvement (Secondary) with Climate Change Activism - 15th March 2019

We're excited to announce a range of opportunities to enable all students to become more aware of, and more involved in protecting our environment!

This Friday, the 15th of March, there will be a protest held in Newport to raise awareness for the need to reduce our carbon emissions in order to save our planet. The protest will start at 3pm and will last until 5pm, we encourage as many students and family members to come along and show their support! More information can be found on the 'Extinction Rebellion Isle of Wight' Facebook page.

There will also be an assembly held at lunchtime in the lecture theatre, where a local expert will be discussing ecology and the need to protect nature. All are welcome to come.

Look out for more updates!
