

Yr 3 Basketball Virtual Games

The Bay CE Primary has previously taken part in the Hampshire Schools Games but last term it was a little different! The children took part in various sporting challenges virtually during their PE lessons, and their scores were submitted.

Over the term, the children took part in Cross Country, Sports Hall Athletics activities and Basketball challenges, which looked at passing, dribbling and shooting skills. All year groups that took part worked really hard and we had some really great scores!

A big congratulations goes to Year 3, who were placed 3rd across Hampshire in the KS2 Basketball competition: a fantastic achievement! Well done!
