

As a direct result of new funding from the government for the sole purpose of supporting pupils with catch up programmes, we are seeking to appoint an inspirational intervention teacher.

This role will be working with pupils to bridge the gap created by recent school closures to help them to progress in their subjects through individual and group tuition. There is a particular focus on our disadvantaged pupils.

This is an excellent opportunity to really help develop and raise attainment and make a difference to a child's life and see the impact interventions can have on a child.
