

Exams Guide 2019

THE BAY
CE SCHOOL

Believe • Inspire • Excel

Dear Year 11 student,

We hope the following information makes it clear what is happening this summer and provides details of your examinations, pre-examination preparatory sessions and last minute “Top Ups”.

Your teachers will do as much as they can to help prepare you in the best possible way for the final examinations and you need to make the most of the help that is on offer. However, you will have to create your own revision timetable around your own commitments and take responsibility for your own time management.

Please remember there is no “study leave” and all Year 11 students are expected to attend all lessons up to the end of the exam season.

Please use this document to plan carefully what you will be doing.

Top tips for reviewing your work

Space your studying - don't cram/leave revision to the last minute. Schedule time. Space it out.

Interlink different topics - research suggests that better, long-term retention is achieved when different but related topics are linked.

Visually represent information or pair graphics with text.

Connect new information with something you already know.

Don't just re-read notes, text books or assignments you have done.

Test yourself frequently - use flashcards and quizzes.

Ask yourself the right questions - create your own ones!

What are top ups?

Top-ups are revision sessions, usually 1 hour, where you can have support from your teacher to cover topic areas that you feel need strengthening before your final examination.

What are warm ups?

Warm ups are last minute revision booster sessions, usually 30 minutes, which take place just before each final examination.

Are they useful?

"Yes they are!" (Year 11 student)

Previous Year 11 students have found them to be extremely helpful. They said:

"Warm ups were really good."

"All the main topic areas came up on the paper."

"I remembered the information covered in warm ups and used them in the exam."

Remember you must attend the Top ups and Warm ups sessions and keep to your personalised programme during the school day.

Your teachers will help you to prepare for the final examinations – make the most of the help on offer to you.
